Special Chatawa Rural Property Tips

Barn & Outbuilding Safety:

Check monthly for spider webs
and rodent droppings where
children might play

Property Line

Management: Keep fence
lines clear of debris where pests
hide and breed

Livestock Area Protection:

Maintain fly control around
animals to prevent home
invasion

Garden & Orchard Care:

Remove fallen fruit that attracts
wasps and rodents

Water Source Control:

Check stock tanks and irrigation
for mosquito breeding

Storage Building

Maintenance: Seal entry
points in feed storage and
equipment sheds
